Try this garden for many lovely novelties not obtainable elsewhere

FOREWORD

Our gardens continue bravely to fulfill their major function of bringing fortification of spirit and renewal of courage at a time when such things are needed as never before. Some crave forgetfulness rather than steadfastness as a way out and seek their comfort in ways which waste their substance and in the end but weaken and betray those who take refuge thus. Not so our gardens. These bring not forgetfulness but reassurance, not weakness but recrudescence strength, not denial but acceptance, and with this the foundation for final victory whatever betide.

This little list offers much which will help your garden and your friends' gardens better to refurnish and reinspire the hearts of those who frequent them. It includes many a subject which will if you so order bring further beauty and hope and confidence into your spiritual as well as your sensual landscape, many a subject which contemplated singly will comfort and inspire you with its serene and perfect beauty as little else in this world can do.

As usual this list has been subjected to a percentage of overhauling, eliminating items which have proven incompletely satisfactory or been supplanted, and adding newer ones from the trial beds. Unlike most other growers I continue to list a considerable number of the older plants, now somewhat out of fashion, simply because they continue to please me. Among the novelties you will as usual discover some exceedingly fine things and I greatly regret that space does not permit my elaborating upon all of these descriptively. Despite this you will perhaps but find the more enjoyment in hunting them out for yourself. Meanwhile, if you will but continue to extend to me enough of your kind patronage I will one of these seasons again prepare and send you something in the way of a more complete descriptive booklet which so many of you like and the real richness of my wares deserves, but which else finds my garden of much too small extent to underwrite.

NEW INTRODUCTIONS FOR 1941

HIGHLANDER (1941).—A grand large dark red, bred from a colorful Mauna Loa seedling by pollen of Dauntless, $\frac{7}{8}$ of its parentage being hardy; S. Deep Corinthian Red, F. Maroon; 40 in., late mid-season (only two or three to go)\$25.00

ROYAL BANNER (1941).—A large, finely formed, velvety Royal Purple self bred from Dominion, Conquistador, Souv. de Mme. Gaudichau, Mesopotamica, and Lent A. Williamson, with some gain of outstanding quality from each of them, summing up to by far the finest early iris of its color I have seen; $3\frac{1}{4}$ ft.\$15.00

EASTERN CUSTOMERS WILL FIND OUR ABILITY TO SHIP BOTH IRISES AND DAFFODILS BY EARLY SUMMER AN INESTIMABLE ADVANTAGE, GIVING THE PLANTS AN EXTRA LONG PERIOD OF ROOT-GROWTH BEFORE THE ONSET OF WINTER.

SPECIAL NOTE

Our garden is not a large one, nor grandly landscaped, but it contains its full quota of rare and interesting plants, and those who will but remember that it is simply a horticultural workshop and do not expect too much of it otherwise, are always welcome visitors. In addition to our innumerable daffodils and irises, which form a collection not easily surpassed, we grow various species of Moraea and Nerine, a very fair array of freesias and Hemerocallis, and divers odds and ends of small bulbs, rock plants, peonies, herbs, and other perennials. Late spring and early summer and again the fall are in general the most favorable times to secure stock for planting, but to view the flowers our spring months are best, February and March for daffodils and April to June for irises. Do not, however, look for any signboard at the garden beyond the street-number, for even at the cost of some business, we are devoted believers in the slogan,

KEEP THE LANDSCAPE BEAUTIFUL!

THOSE COMING FROM OUT OF TOWN MAY APPRECIATE THE CONCLUDING REMINDER THAT REDLANDS HAS BEEN GLORIOUSLY ENDOWED BY NATURE AND MOST OF ALL IN ROSE AND ORANGE-BLOSSOM TIME, IS A SIGHT WORTHY A FAR JOURNEY TO SEE.
